  - Opening multiple instances of the Visualizer 3D software
  - Scan comparison and repeatability
  - Troubleshooting
  - Online support and how to submit scans for analysis assistance

\*Not applicable to all pieces of equipment

## Training Terms and Conditions

**Safety for our trainer is our main priority. Any instances where safety is a concern may cause an unexpected interruption and or immediate termination in the training agreement.**

- All safety and security precautions for the trainer must be taken
- Training to be conducted in a safe place and where it is permitted by local laws.
  - **Any area where the use of OKM equipment or metal detection is not legal will not be condoned and may terminate training.**
- All fees must be paid in advance, trainer does not receive cash for pa
- Any personal safety gear is the responsibility of the customer to notify the trainer in advance (eg snake bite guards, braces, hiking gear and boots, hard hats, etc...) If trainer has the said necessary equipment he will bring it with, if not then customer must provide.
- Trainer speaks English and German, translators may be needed in countries where other languages are prominent.
- Hotel/Overnight accommodations to be arranged in advance with confirmation to OKM prior to trainer departure. For non hotel accommodations, approval must be obtained prior to departure.
- Clean drinking water to be provided while trainer is on site.
- Meals to be provided to trainer while on site.
- Transportation, air and ground transfers, to be provided by customer while trainer is on site.
- Hosts complete information necessary prior to departure. (Address, contact telephone numbers, etc...) Many countries require this information.
- Additional contacts and information to be conveyed for extended layovers and such. Additional hotel/overnight costs may be incurred.
- Visa/Border/Port fees and taxes are extra
- Trips of longer than 24 hours one way may be billed an additional day.
  - (eg a trip which requires 36 hours from point of departure to point of arrival including layovers, ground transportation, airport transfers and so on, so round trip equals 2 billable days)
- Equipment batteries to be fully charged prior to arrival of trainer. Trainer not responsible for lost time due to improperly or undercharged batteries.
- In the event that there is an equipment error. Please notify OKM prior to the arrival of the trainer so that he may bring additional or replacement parts. Trainer not responsible for lost time awaiting replacement parts.
- Trainer takes no commission or percentage if items of great value are found during the training session.
- On trips longer than 12 hours, allow trainer to have time to rest prior to begin of training.

There are some countries where there is a high instance of crime or instability. Certain areas are deemed to be unsafe. In the event that training is requested in such a place, please contact your OKM representative and every case will be looked into further. We understand that occasionally what is reported on the news and what is actual may be completely different.

**Please contact your OKM representative for exact details on how a personal training session can be arranged for you. Please call +49 3447 891260 or email us at [info@okm-gmbh.de](mailto:info@okm-gmbh.de) to book your training today!**
